Fax:(606)759-0317

National Assisted Living Week is September 7-13. This is a time we celebrate our community, the residents and the staff. As we have become a family, we recognize our relationships and the spirit in which we live on a daily basis, loving and supporting each other through our companionships and service.

This year our theme is the Magic of Music. We will be entertained by several wonderful people who have graciously donated their time and talents to hopefully bring back memories of the past and create new and exciting times. We will be thrilled to welcome Barbara Zweigart who will sing some Patsy Cline. Barbara is known for her great performances at the Washington Opera House. Brent Biddle and Randy Lucas have treated us before with their musical talents on their guitars and banjo. They sing an array of different genres and we love to see them back. Also, rumor has it, Elvis himself will be in the building during our celebration. We expect many other treats.

Who doesn't love a themed lunch...we all know I love them. Thursday our lunch will be themed from the 50's. I hope everyone will embrace the past decade and be ready for the sock hop.

At the end of the week, we will have a picnic in the park. We will be praying for beautiful weather and an insect free day.

We are so looking forward to the week long celebration of our Kenton Pointe family. Make sure to look for pictures in next month's newsletter.

## Seminar and Immunizations

On Thursday, September 25, Michael Berry will present a session on medication safety at 10 am in the dining room.

Michael will return in the afternoon to give immunizations (flu shots) to the residents that would like to have that taken care of. A sign up sheet will be put out on the entry table in the dining room.

## Resident of the Month

Our resident of the month for September is Mary Kay Roderick. Mary Kay has been a part of the Kenton Pointe family since April of 2013.

She was raised in a large family and had a strong Christian upbringing. Mary Kay has fond memories of growing up on the family farm.

Her life took her away from Maysville for a while. Eventually she found her way back home. Mary Kay worked in cosmetology for 28 years and always enjoyed her career. She was, and is, blessed with a caring and loving family.

We hope that you will sit and chat with this wonderful lady. You will enjoy her stories and her caring heart. We are blessed to have you with us Mary Kay!

This is what Russell likes to call "assisted fishing"

"King Tut" made an appearance during our recent belly dancer's performance. He looked to have the ladies under control.
